

**Community Mental Health Common Assessment Project** 

Revision 2.0.5

### **CORE OCAN**

## Using CORE OCAN

This agency is using the Core OCAN which comprises only the Consumer Information Summary and Service Use and not the Consumer Self-Assessment or Staff Assessment parts of OCAN. The Core OCAN captures the information that this agency reports as a community mental health service provider.

# Important points to communicate to the consumer:

#### Use of consumer responses

The answers consumers provide to questions in OCAN will be used to help them get the support they need. This information may only be used and shared with other agencies if they agree. A consumer may refuse to share any information they wish, and may change their mind at a later time. Choosing not to complete OCAN will not prevent consumers from receiving services.

- Information collected using the self-assessment represents their view of where they are today.
- Sharing that information can be an essential part of getting the services they need.
- > They decide how and when their information is used and shared with others.

#### **Consumer consent**

The agency will provide a consent form to consumers with the OCAN assessment. The consent is the place for them to indicate their desire to use OCAN and how they want their information to be shared with others.

Start Date (YYYY-MM-DD)\*:

Consumer Information Summary						
1. OCAN Lead Assessment						
OCAN completed by OCAN Lead?*			□ Yes □ No			
2. Reason for OCAN (select one)*						
☐ Initial OCAN			□ Review
